This new build 1st floor apartment with a loggia is located in a cozy residential project designed by the renowned ADR architectural studio, on the border of Čakovice, Letňany, and Ďáblice, within reach of complete services and nature. The new apartment building with 15 units is the next stage of the successful Na Pramenech project, consisting of family houses set in greenery. Expected completion date is in first half of 2024.

The purposeful layout consists of a living room with a preparation for a kitchen, 2 bedrooms, a foyer, a bathroom, and a separate toilet. From the living room it is possible to enter the loggia.

The high-quality standard includes **three-layer wooden floors, Laufen Pro, Roth, and Kaldewei** sanitary ware, **Hansgrohe** faucets, large-format ceramic tiles by the traditional Rako Czech brand, security entrance doors, DOORNITE interior panel doors, plastic windows in anthracite (exterior) and white (interior) with interior window sills made of lacquered MDF board and with a preparation for exterior blinds. The apartment includes a cellar and a covered parking space on the adjacent plot. The building is equipped with an **elevator**.

In the immediate vicinity are 2 shopping centers and small shops, as well as **plenty of opportunities for sports activities**. A metro station is a 5-minute bus ride away, with a stop nearby. There are **direct train connections** from the nearby railway station **to the city center** to the Masaryk Railway Station. Kindergartens and elementary schools or a high school, an outdoor and indoor swimming pool, a bike path, a skate park, or a multifunctional sports center are within easy reach. The location is very nice thanks to the nearby green areas of the **Ďáblický Grove and the Letňany forest park**.

Floor area 60.17 m² (including cellar 2.37 m²), loggia 5.6 m².
