Reference number	102875

This family house has impressively combined an original building from the beginning of the 20th century with a modern extension copying the terrain of a large garden. It stands in a small village in the middle of the České Středohoří PLA, near Milešovka Mountain.

The area of the house has a 4-bedroom layout. On the ground floor is an entrance hall, a spacious dining room with a separate kitchen and access to **two terraces**, a bathroom, and a separate toilet, and a **new extension**, which has expanded the space with a living room, a bedroom with a **dressing room** and a bathroom, and a utility room. In the attic of the original building are 2 bedrooms and a small work area. The house has a **basement** with a sauna and a rest room. A **storage room for garden tools** is located under the terrace. Convenience is further enhanced by **ample space for parking** in a separate **double garage** and in **other spaces** under a **shelter**.

The original house from 1910 was completely renovated in 2014 with a new extension designed by a **renowned architectural studio** and is in **excellent technical condition**. The living room is decorated with a **wood-burning fireplace** and **pressed bamboo cladding**. The kitchen in a dark matte finish is equipped with Bosch appliances. The interplay of **light and dark colors** can be seen throughout the interior. The floor, which is white in the original building, is black in the extension. Heating is provided by 2 gas boilers and **underfloor heating** on the ground floor. The extension is covered with durable and **resistant Cembrit Zenit facade cladding panels in Erebus color**, along which a **wooden terraced walkway** connects the two buildings from the outside. Heating, gates, and the garage can be **controlled remotely via an app**. The house is secured by a **camera system** and an alarm. The offer also includes a **photovoltaic project (10 kW)**.

The village is **surrounded by forests and an agricultural countryside**; **Milešovka**, the highest peak of the České Středohoří range, is about 5 km away. The surroundings offer **many possibilities for day trips**. Hiking and biking routes lead through the beautiful countryside. Complete civic amenities are located in the district town of **Teplice**, which is 15 minutes away by car, and Bořislav has direct bus and train connections with this spa town. You can quickly connect to the **D8 highway**, ensuring that Prague is approx. 40 minutes away by car.

Usable area 252.08 m², of which terrace 18.5 m² and garage 48 m², built-up area 553 m², garden 2,009 m², plot 2,562 m².

It is possible to **purchase an adjacent plot of 1,278 m²** to the property, thus expanding the area of the plot to a **total of 3,840 m²**.
