This new air-conditioned housing unit with a front garden and pleasant green views is located on the ground floor of the Nová Myslivna project. This premium residence with a wellness and fitness zone, a reception, and a courtyard garden allows you to live in the middle of nature while being close to complete urban amenities.

The practical layout consists of a living room with a kitchen, a bedroom, a bathroom, a separate toilet, and an entrance hall. Both rooms have access to the front garden.

The high-standard facilities include wooden floors made of oiled oak, 2.1 m high rebateless doors, aluminum windows with insulating triple glazing and electrically controlled exterior blinds, a premium kitchen fully equipped with appliances, large-format ceramic floor and wall tiles, brand-name sanitary ware and faucets, and a smart home system controlling, among other things, cooling, and underfloor heating. The purchase price includes a cellar storage cubicle. It is possible to purchase an additional garage space. The building uses sustainable technologies to reduce energy consumption (heat pumps, photovoltaic panels). Other benefits include a daytime reception, a relaxation zone with a swimming pool, several saunas and a gym, a stroller room, or a room for washing bikes or dogs.

The apartment building will be surrounded by greenery with water features and landscaping, which will naturally connect to the surrounding forest, perfect for walks or bike rides. A restaurant with views of the city and the wine-growing Pálava region, 50 kilometers away, is directly in the building. There will be a bus stop not far from the residence, and the city center or Campus Square shopping center is about 15 minutes away by car or bus.

Floor area 62.13 m², front garden 32.66 m², cellar 1.60 m².
Subject to special legal conditions.

Expected completion date is summer 2026.
