Garage	Yes
Cellar	3 m ²
PENB	C
Reference number	108063

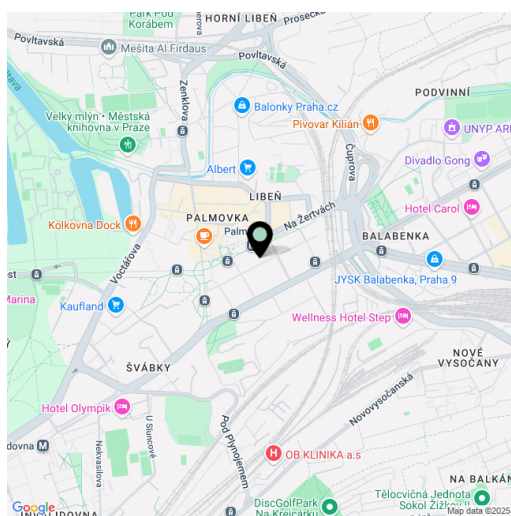

This unique loft-style apartment is located in an exceptional and multiple award-winning residential project from 2004, converted from a former hat factory. The residence, situated in Prague 8 – Libeň near the Palmovka metro station, includes an underground garage and a landscaped courtyard garden.

The southeast-facing apartment features an airy and bright living space with an open plan kitchen, a mezzanine with a bedroom and walk-in closet, a bathroom (with a bathtub, toilet, and sink), and an entrance hall. The living room boasts an impressive ceiling height of 4.5 meters.

The conversion of the factory, originally built in 1892 following a Viennese design, took place between 2004 and 2006 based on plans by architects from the Masák & Partner studio. High-quality standards include large wooden windows with exterior shading, wooden floors, and central heating. The kitchen is fully equipped, and the apartment comes with a storage unit and a parking space in a car stacker.

The gradually revitalized neighborhood offers full amenities, including supermarkets, smaller shops, bakeries, sports facilities, several restaurants and cafés, a post office, and a pharmacy. The large Galerie Harfa shopping and entertainment center is also nearby. Excellent transport accessibility is provided by the B-line metro station and multiple tram and bus stops.

Floor area 42.02 m², mezzanine 17.91 m², storage unit 2.5 m².

* Size of the unit according to the Housing Act.

The area consists of the sum total of the internal area of every room.
