On the 1st floor, there is a bedroom with French windows oriented towards the garden, a study, and a bathroom (shower, separate toilet, sink). In the attic, there are 2 children's bedrooms, a guest toilet, and a bathroom (with a bathtub). The basement has a **preparation for a sauna**; there is also a utility room, a laundry room (with a shower and sink), a boiler room, and storage space. Additional storage space is in the attic.

The house has been renovated and insulated, and a 2nd floor was added. Facilities include **wooden floors**, a **hardwood staircase**, wooden security windows with triple-glazed panes, **underfloor heating** in the bathrooms and the entire ground floor, a Hanak kitchen with **AEG** (steam oven and 2 classic ovens), **Siemens**, Electrolux, and Faber appliances, **Villeroy & Boch** sanitary ware, an AEG washer and dryer, security entrance doors, Jablotron security devices, and a camera system. The traditional residential area is situated between **Ladronka Park and the Břevnov Monastery Garden**. The street was once a part of an original **pilgrimage** path marked with several chapels. In the vicinity, there are private kindergartens, an elementary school, a health center, a supermarket, and many other shops, restaurants, and other services. Within a 2-minute walk is a bus stop with links to the Anděl metro station (line B), and a tram stop with links to the Malostranská or Hradčanská metro stations is also within walking distance. Traveling by car is made easier thanks to the proximity of a tunnel complex and the Prague Ring Road.
