This completely reconstructed architectural gem was built at the beginning of the 20th century according to the plans of architect Jozef Hubert for the needs of the Hungarian Chamber of Commerce and Industry. Over 110 years old now, having been completely restored it embodies the unique combination of history and the modern era. It offers premium, elegant office and retail space that meet the highest standards and are fully equipped with the latest technology. All this at a prestigious address in the heart of the capital city.

The attractive premises with an entrance from the central social hall with a glazed roof are situated in the middle of the city in a tourist zone just a few steps away from the streets and corners of Old Town with the best restaurants, cafes, and bars in the historical part of Bratislava close at hand. Excellent transport accessibility by car or public transport, right next to several tram stops.
