The layout consists of an entrance hall, a living room with access to a **larger balcony (11 sq. m.)**, a kitchen with a pantry, a master bedroom with access to the balcony and space for a walk-in closet, two additional rooms, and 2 separate bathrooms. The living room and two bedrooms face south.

Facilities includes Aluprof MB-86 triple-glazed **aluminum windows**, Lomax **exterior blinds** in anthracite, a heat recovery unit in each bedroom, a Panasonic Aquarea heat pump, and a Defendor security entrance door. The apartments are also equipped with underfloor heating and are ready for the installation of a **fireplace**. Thanks to a clear **ceiling height of 2.8 m**, the interior is exceptionally bright. The apartment comes with a **cellar storage unit**, and it's possible to purchase a parking space in the garage or in the outdoor parking lot. The gated complex has a video doorman, common outdoor areas, and a caretaker who provides maintenance work throughout the year.

Close and at the same time far enough from the busy center of Bratislava—this is how the location of the newly established gated Slávičie Residence can be described. The timeless residential area is known for its greenery and beautiful architecture, and is home to several embassies. And nearby? The Vinarium coworking center, for starters. Also, the Cubicon shopping center with restaurants and a fitness center, a **Montessori kindergarten**, a **botanical garden**, or the Zoo. You can get to the Danube River by car in 10 minutes. If you want to reduce your carbon footprint, a public transport stop is only a 5-minute walk away.

Interior 128 m², balconies total 15 m²

The apartment can be connected to the upper one-bedroom apartment on the 4th floor, which would create a duplex with a private entrance elevator.
