This two-generation family house from the 1930s, in its original condition, with a northwest-facing flat garden, is located in a quiet residential area near the castle park in the Čakovice district with a complete infrastructure and convenient train connections to the city center.

The current layout consists of a 1-bedroom apartment with a separate kitchen on the ground floor and a 1-bedroom apartment on the first floor.

The house was built in the 1920s; its condition requires complete reconstruction (or demolition). Heating is electric; there is a **functioning water well** on the property. The house includes a detached **garage, workshop, storage, and gazebo**.

The nice residential area is about a 10-minute walk from a kindergarten and elementary school, a high school, a sports hall, a youth center, and even closer is a supermarket, a pharmacy, and a bus stop from where you can get to the Letňany Railway Station or metro station. A bike path passes by the house, and the **English-style Čakovický Castle Park** is nearby.
