* Area of the unit according to the Civil Code. The area consists of the sum total area of the entire unit bounded by perimeter walls.

This well-built residential unit, half of an energy-efficient family house, has a garage and outdoor parking space, a roof terrace, and a low-maintenance garden and is currently being built in an attractive area right next to the Prokop Valley and at the same time within easy reach of everything you need.

On the ground floor is a living room with a preparation for a kitchen, a bathroom, a closet, and an entrance hall with a staircase leading to the first floor, where there are 3 bedrooms and a master bathroom with a bathtub. The living room is connected to the **garden** with the possibility of building a **terrace**. The house also has a walk-up **roof terrace**, accessible by a full-length staircase and via an electrically operated glazed roof entrance.

The high standard facilities include three-layer oak floors, large-area Deceuninck **aluminum windows** with **exterior blinds** connected to a wind sensor and with the possibility of central control, a Zenyd **skylight** with sensors and a rain sensor, fire-resistant entrance doors, large-format ceramic floor and wall tiles (according to the buyer's choice in the given price range), tiles on the roof terrace, **Duravit and Kaldewei** sanitary ware, an **Atrea** recuperation unit with smart regulation and remote management for automatic supply of **fresh air** without the need for ventilation, **underfloor heating** (heat source is a Junkers gas condensing boiler with app control), security system motion sensors, and magnets in the windows (possibility of connection to the central station). The house has a preparation for a **photovoltaic power plant**, as well as a **preparation for a car charger** in the outdoor parking space.

The house is located in a **quiet part of Stodůlky**, and just a few steps behind it you can connect to a **bike path** leading through the **Prokop Valley**. There are shops nearby, including a shopping center, a restaurant, a health center, or a post office. Kindergartens and elementary schools are also within easy reach, and the prestigious **Deutsche Schule** is within a 5-minute drive. Buses stop nearby, and there is also a subway station (line B) within walking distance. Traveling by car is facilitated by the nearby access to the Prague and City ring roads.

Usable area 117 m², roof terrace approx. 35 m², plot 130 m².

Expected completion date Q3/2024.
