**Close to nature yet just minutes from the center of Říčany and with convenient access to Prague, this exceptional villa offers a harmonious blend of modern architecture, cutting-edge technology, and the atmosphere of a true home. Located in the quiet residential neighborhood of Strašín, close to a forest and within walking distance of the popular Jureček Pond and restaurant, the property enjoys a peaceful setting. The town of Říčany has repeatedly been recognized as one of the best places to live in the Czech Republic.**

The ground floor consists of an open plan living area with a glazed wall leading to the garden, seamlessly connected to a generously designed kitchen and dining area. The atmosphere is enhanced by a double-sided **Lacunza** wood-burning fireplace, **Dixon** designer lighting, and acoustic paneling made from natural wood. Also on this floor is a guest room with an en-suite bathroom, utility facilities, a separate laundry room, a service kitchen, a guest toilet, and a spacious **double garage** with direct access to the house, equipped with built-in wardrobes offering ample storage. An additional five outdoor parking spaces are available on the paved area of the plot. Upstairs are three bedrooms, each with its own **en-suite bathroom** and **custom-made furniture**. The master bedroom impresses with direct access to the terrace, a garden view, and a sophisticated layout—the bed is visually separated by a walnut wood panel that transitions into the bathroom. The second bedroom is designed as a **private suite** with three connected areas: a sleeping space, a spacious living and working zone, and a bathroom featuring a freestanding bathtub, double sink, and walk-in shower. The third bedroom is situated in the quiet part of this floor and also has its own bathroom, forming another fully functional living space. A custom-made **Poliform** wardrobe gallery, designed by interior architects in the **highest model class**, adds a further touch of luxury. The multi-purpose basement includes a home **fitness room**, an adjacent space ideal for a playroom, home cinema, or relaxation area, and a stylishly designed section prepared for a wine cellar. The second part of the basement serves as a utility area, offering plenty of space for storage and service operations.

The villa's exterior is divided into several functional zones, creating a thoughtful and visually striking whole. The main **terrace**, directly connected to the living area, serves as a central place for daily relaxation and social gatherings. It features a newly built **swimming pool** with modern technology and **Alukov** cover, an **Aquavia Spa** whirlpool (Lounge model), and a comfortable seating area. The entire space is unified by low-maintenance Italian paving (120 x 120 cm) laid on adjustable pedestals. A separate relaxation zone consists of a garden area with a **swimming pond** with automatic filtration and a full-featured **sauna** with a shower, connected to the pond by a wooden deck. A garden shed for storing tools completes the practical side of
