Living in a peaceful area close to both nature and the town center is offered by this residential project, which is being developed in a former stable from 1841, originally part of the Vimperk Castle estate. It includes a stylish terraced house with a southwest-facing garden overlooking the castle park and 2 parking spaces, completed and approved in July 2025.

The entry level features a **30-square-meter living room** with a preparation for a kitchen, a separate toilet, an entrance hall, a utility room with its own outdoor entrance, and storage space beneath the staircase leading to the upper floor. Upstairs, there are two bedrooms, multifunctional room (e.g. study, walk-in closet, or guest room), bathroom with shower and toilet, separate WC, and hallway. The living room connects directly to a **garden terrace**.

The building's history is reflected in the **vaulted ceilings** with **exposed brickwork** on the ground floor and exposed beams upstairs, while the remaining surfaces and fittings will be entirely modern. Standard features include **Velux triple-glazed skylights**, **wooden triple-glazed windows** with black frames on the ground floor, a **preparation for a fireplace**, vinyl floors, **underfloor heating** with individual zones in each room, a gas boiler, **air-conditioning**, and the **option to install solar panels**. The garden will include a **larch wood terrace** and a water connection. **Enhanced sound insulation** between the units ensures acoustic comfort indoors. The house comes with **two outdoor parking spaces**, one of which is prepped for **EV charging**.

This impressive, historically rich location lies next to **Vimperk Castle**. The building is surrounded by **mature greenery**, with the garden directly bordering the castle park. Nearby is an **arboretum** and the **deep forests** of Vodník Hill, as well as an **open-air summer theater** and a **sports and recreation area**. The town center, with a full range of necessary amenities, is just a 15-minute walk away, with schools and medical services also within easy reach.

Total area 114.43 m² (of which interior 98.2 m², terrace 18.74 m²), garden 62.9 m², plot 153.13 m².
