* Area of the unit according to the Civil Code. The area consists of the sum total area of the entire unit bounded by perimeter walls.

In a quiet residential part of the town of Veľký Meder, we offer a fully renovated two-bedroom apartment with a garage and front garden, located in a small apartment building. Veľký Meder is just a 50-minute drive from Bratislava and boasts excellent amenities, including its well-known thermal spa.

The apartment is situated on the upper floor of a two-unit building and features a thoughtfully designed layout. From the entrance hall on the ground floor, there is access to a pantry and a staircase leading to the main living area. The upper floor consists of a central hallway connecting all rooms — a separate bedroom, a kitchen, a living room connected to another room, and a bathroom with a shower, toilet, and practical storage space. The apartment also includes an **attic** with additional storage.

The property was completely **renovated in 2019**, which included new electrical and plumbing systems, plastic windows, interior doors, floors, and bathroom fixtures. Heating is provided by a gas boiler. A major advantage is the private **garage**, with additional parking available in the courtyard, and a **small front garden** that can be fenced off for complete privacy. The building consists of only two apartments, ensuring a peaceful and intimate living environment.

Veľký Meder offers full civic amenities—schools, shops, restaurants, and the popular thermal spa. Thanks to its excellent accessibility to Bratislava, this property is an ideal choice for those seeking tranquil living outside the city, with the comfort and advantages of a family home.
