Completion scheduled for Q4 2017.

The layout of this ground floor apartment will offer a living room with kitchen, dining area and entrance to the garden, 2 bedrooms, a bathroom, separate toilet, utility room and hallway.

Quality equipment of the flat will include heated, three-layer wooden floors, large format tiles in natural stone finish, doors with concealed hinges, large windows, faucets in black or white. The client can also choose atypical design elements such as brushed wood floors, stone tiles, veneer interior doors and faucets in a copper finish. In addition, each client can use up to 5 hours of consultation with renowned Jestico + Whiles designers, included in the purchase price. Extra storage space provided by cellars, possibility to purchase a garage or outdoor parking space at extra cost.
