Modern office spaces for lease on the 1st floor of the former Praga factory complex, located in the historic industrial district of Prague 9 – Vysočany. The total floor area is up to 27,000 sq. m. and can be used as offices, cultural, educational, and sports institutions, galleries, shops, cafes, and restaurants. The style of the early twentieth century industrial interiors goes back to 1907, when the First Prague Automobile Factory was founded.

The hall was built between 1931 and 1934 and served as the central warehouse of a post office. The "E-shaped" architectural design is the work of Czech architect Josef Kalous. A unique chimney with a water tank, which was part of the unpreserved boiler room of the warehouse's economic office, became a distinctive feature. The building has been listed since 2003.

Location:

Excellent transport accessibility by car and public transport. The Poštovská tram stop is directly in front of the building. The Kolbenova metro station (line B) is a 250 m walk away and the shopping and administrative center in Vysočany 10 minutes. The Prague-Libeň Railway station is also nearby. Easy connection to the Prague Ring Road. Rokytka Park is close to the building.
